We are starting our next 6 month tandem- and community program for local and newcomer women in June, giving you the chance to make friends with women from different cultures.

Let's create an intercultural community of women in which we exchange our experiences and perspectives so we can grow together – having lots of fun.

We match you with a tandem partner 1:1 with whom you can explore activities together. Meet in pairs or organize community activities via our online platform with others. You can organize your activities however you like – visit the theater, have a barbecue or take part in a workshop.

You want to participate? Let's grow together!
